3° Once you get to the window where you must enter your email and password to identify yourself when you have created an account, as we still do not have any created, we must click on the link "**Register**" that you will see just below the big button "Login", and that will take you to the process of creating a new account.

The screenshot shows the Discord login interface. At the top, it says "¡Hola de nuevo!" and "¡Nos alegramos mucho de volver a verte!". Below this are two input fields: "CORREO ELECTRÓNICO O NÚMERO DE TELÉFONO" and "CONTRASEÑA". A link "¿Has olvidado la contraseña?" is located below the password field. A large blue button labeled "Iniciar sesión" is positioned below the input fields. At the bottom left, there is a link "¿Necesitas una cuenta?" followed by a red dashed circle around the word "Registrarse". A red arrow points from the left towards this "Registrarse" link. On the right side of the login form, there is a QR code and the text "Iniciar sesión con código QR" and "Escanéalo con la aplicación de móvil de Discord para iniciar sesión de forma instantánea."
